

Echoes of Campus

Brand Guidelines

*Enhancing Authentic Student Voices and
Experiences*

Presented by Ibraheem Abdulroqeeb Olayemi

Brand Overview

The Echoes of Campus initiative serves as a premium media platform that amplifies authentic student voices and lived experiences, fostering a sense of community and connection.

Brand Mission

A safe place where students voice through conversation opinions, experiences, and inspiring stories, because every student has a story and we are amplifying it.

Brand Vision

Become a Media powerhouse built on authentic storytelling that influences campus culture and social conversation across universities.

Logo Variations

PRIMARY LOGO

Clean and professional

**ECHOES
OF CAMPUS**

SECONDARY LOGO

Distinctive branding

ICON ONLY

Simplified representation

Approved Logo Usage

PODCAST ARTWORK

The logo is prominently displayed in a horizontal lockup on podcast cover art, ensuring brand visibility and recognition. This format aligns with industry standards for audio branding.

SOCIAL MEDIA

For social media profiles, the logo can be utilized as a stacked format, ensuring clarity and consistency across platforms. This enhances brand identity in digital spaces.

Clear Space Rules

MINIMUM SPACING

The clear space around the logo must equal the height of the vertical bar element, ensuring visibility and recognition in various applications and avoiding visual clutter.

MINIMUM SIZE

For optimal recognition, the logo must maintain a minimum size of 20mm for print and 120px width for digital use, guaranteeing clarity across all platforms.

Incorrect Usage

DISTORTED LOGOS

Never stretch or compress the logo, as it compromises brand integrity and recognition.

COLOR CHANGES

Avoid altering the logo colors; consistent application ensures brand consistency and professionalism.

ADDED EFFECTS

Do not apply shadows or gradients to the logo; simplicity maintains clarity and impact.

SIZE ISSUES

Ensure the logo is always sized appropriately; overly small logos diminish visibility and effectiveness.

DO NOT USE THE LOGO ON CLUTTERED BACKGROUNDS

Use the logo only in appropriate contexts; misplacement can confuse and undermine brand identity.

Color Palette
